Hard Hitting Was the Secret of the Victory

for the Mountaineers.

ROANOKE, VA., July 2s.—Special.—The Mountaineers treated the ex-Roanoker and ex-National League pitcher Boyd with small consideration to-day and easily defeated Portsmouth by hard hitting. Pulse was a puzzle and two of the five hits he allowed were very scratch. hits he allowed were very scratchy. A base on balls, an error, a wild pitch, and two sing Ns, scored two runs for the visitors in the second. Werrick put the sphere out of the lot in the fourth. For Roanoke, a double and a single carned a run in the fourth.

earned a run in the fourth.

In the eighth, a double, a single and a triple earned two more and in the ninth the visitors were a cinch.

Boyd allowed five hirs, bit one man, and made a wild pitch, which with an error by Reiman piled up four runs.

The following is the score; ROANOKB.

THE FLOOD-TUCKER CONTEST

County Convention.

a strong backing from the heade a strong lacking from the Reau-ers of the Rockinsh, yet this was ost all his following, while all from less river and the northern and south-portions were Flood men. for the call of the meeting, the first of the comparative strength of the

ugh in view of the fact that the sates may unite on some other man, both Flood and Tucker may be left on The prevailing opinion is that Flood will Everett, 3b

At the end of the meeting the Tucker element boited, declaring their intention not to support the nominee of the convention. Flood thanked the meeting in a few appropriate and well-chosen words.

The grand fury brought down true fells in the case of Cook, who mordered Luck, at a picnic near Afton, and in the case of Addison Washington, who is accused of having murdered Thomas White, near Montreal, last week. White's body was taken up and examined a few days ago, and it was found that his skull had been mashed in as if by a violent blow, and finger-prints on his threat showed signs of his having been strangled. signs of his having been strangled. Yesterday was the hottest day that has been fell in this section this summer. The thermometer stood over a hundred in the shade.

An important message often comes by telegraph, but the most important message that ever was delivered to mankind has been given to them through the newspapers. It is given again in this article.

It is the information that of per cent of all cases of consumption can be completely and per manently cured. There is no doubt about it. The statement is not made recklessly, but after the experience of thousands has made it an indisputable fact. Consumption is not a disease of the lungs. It is a disease of the blood, which in weak lunged people manifests itself by the formation of tubercles in the lungs and the wasting away of lung tissue. The cure for consumption is simple. It comsists in the administration of a medicine that will assist the lungs in throwing off tuberculous matter, and that will cleanse the system so that this refuse matter will be replaced by strong, healthy tissues. That sounds like a very simple operation, and yet consumption baffled the combined medical skill of the whole world for hundreds of years. Consumption was considered incurable until the advent of Dr. Pierce's Golden Medical Discovery. This great remedy is the most wonderful blood purifier and strengthener that the world has ever known. It is the result of years of study and experiment, by a scientific physician and has been tested in every way by him for over go years. It has an unbroken record of success. It cures a great variety of diseases, because almost all diseases have their origin and support in impurity and weakness of the blood. As long as a man's blood is rich and pure, he is in no danger from diseases. The blood is the medium through which food is carried from the digestive system to all of the tissues of the body. If it carries impure things, or an insufficient quantity of good things, trouble will ensue. There is nothing about that so very hard to understand. It is perfectly plain and natural and rational. The "Golden Medical Discovery" puts the digestive system to all of the tissues of the body if it carries impure thing

Justice John's Court.

The following cases were disposed of in the Pelice Court yesterday:

Junius Lester, a dirty little one-legged negro, was arrested on Friday by Officer Tally, on the charge of vagrancy.

Junius has a way of being as mean as he can be, and is up to all sorts of mischlef. Yesterday he bought a bottle of beer, and traded it for some kerosene oil. The boy then went out to fire some house, but was caught.

He has been bothering the police for several years, and Justice John has been many times thereafter. better for summer wear.

Now is the time to have this kind of work done.

Col. Hansbrough was born August 16, 1828, in Culpeper county. He married Miss Virginia Channellor, daughter of the late Samuel Channellor, of Rappahanock county, and soon after located in Taylor county, west Virginia, of which he was made Sommenwealth's Attorney.

At the commencement of the war he organized a battalion of six companies of Virginia infantry (Ninth Virginia), known as Hansborough's Battalion, and was its commandant until it became disorganized by casualties and death. He was severely wounded at the battle of Alleghany mountain, in Highland county, and was also cogased in other battles, being in active service until the end of the war.

After the surrender he removed to Roanoks county, and resided on his farm three miles west of Salem, until 1801, when he erected a handsome residence in Salem, where he has since lived. G. W. PARSONS, Corner Fifth and Canal Sts., Richmond, Va. je28-su, w&fr
